

Countdown Evolution

We have two exciting and informative conferences to attend in the upcoming months to help you stay up to date with the latest classroom technology.

Volume 1, Issue 11, 3-16-12

The Regional Conference

The *Academy Support Center* Partnership will be holding our first regional conference on **May 10-11**, 2012. This conference will be held in Chicago, on Moraine Valley Community College's campus. We will hold this event annually with its' location switching between Chicago and Indianapolis every other year.

Don't Forget . . .

Visit our website for more information on current topics and to place a support ticket.

Our session topics cover the must haves to keep you prepared for the classroom and with Academy Evolution. These are the topics: packet tracer, CCNAS/CCNAV, ITE, Academy Evolution, VMware/Cloud Computing, and Network Security. These sessions will help enrich your students classroom experience, educate yourself further with tools that Cisco offers, introduce you to The ASC Partnership and help you gain an overview of the Academy Evolution process.

We will be contacting you for registration information in the near future.

Register NOW for the Academy Conference 2012

Join Cisco on June 18-20 for the conference designed specifically for you, the academy instructors. As Cisco Networking Academy evolves to improve student outcomes, this is a great year to attend for the latest news, previews of what's to come, quality professional development, and of course a little fun. Continuing Education Units (CEUs) will be available with your complete participation. For more information and to register for this event, click [Register here!](#)
