

# Partners In Evolution

## Regional Conference

As you know by now, The Academy Support Center Partnership will be holding our first regional conference, Partners in Evolution, on **May 10-11**, 2012. For those in Indiana, this conference replaces the old CCAR conference. This conference will be held in Chicago, on Moraine Valley Community College's campus. May 10 will be dinner and our special keynote speaker, Mike Yutzenka, Director of Corporate Affairs at Cisco, from 7pm-9:30pm. May 11 will be sessions on various topics from 8:30am-4:30pm.

Our session topics cover the must haves to keep you prepared for the classroom and with Academy Evolution. These are the topics: packet tracer, CCNAS/CCNAV, ITE, Academy Evolution, VMWare/Cloud Computing, and Network Security. These sessions will help enrich your students classroom experience, educate yourself further with tools that Cisco offers, introduce you to The ASC Partnership and help you gain an overview of the Academy Evolution process.

For detailed information on hotels, transportation, conference schedule and speakers, be sure to visit our website <http://theascp.org> and click on the Regional Conference tab.

Cost is **\$50 for members** of The ASC Partnership and **\$100 for non-members**. We will be contacting you with registration information in the near future.

Please don't hesitate to contact us with your concerns and questions.
