[MOU for YOUR Academy](#)

Attention all academies! Please remember to return your signed MOU as soon as possible. They were emailed out 2 weeks ago. If you have any questions, please visit our website <http://theascp.org> or give us a call at 800-368-6109

[New Version of ITE Curriculum Planned](#)

Cisco Networking Academy is currently developing an updated version of our IT Essentials (ITE) curriculum to maintain alignment with the 2012 A+ certification. The English version of the updated ITE curriculum is targeted for release in the December 2012 timeframe.

The updated version of ITE will continue to focus on PC elements like hardware and Windows operating systems, networking, laptops, printers, and basic operational procedures. Some of the changes include:

- Covering troubleshooting, networking, and security in more depth
- Introducing emerging technologies such as mobility and client-side virtualization in the course

Please don't hesitate to contact us with your concerns and questions.
