Cisco's Secondary NetRiders Competition

There is still time to sign up! Log on to www.academynetriders.com for more information about this global competition. Receive a chance to win an ALL expense paid trip to San Jose, California to visit Cisco System's Headquarters!

Cisco NetSpace Now Available in Spanish and French

The NetAcad team is excited to announce that the Cisco NetSpace user interface (UI) is now available in French and Spanish:

- L'équipe de NetAcad est heureuse d'annoncer que l'interface utilisateur (IU) de Cisco NetSpace est maintenant disponible en français.
- El Equipo de NetAcad está animado de anunciar que la interfaz de usuario (UI) de Cisco NetSpace ahora está disponible en Español.

The ability to provide a translated learning experience for our global community was a top consideration when designing the NetSpace system architecture and

selecting software components during the development phase. This functionality has been requested by many of you over the years and wasn't possible to deliver in Academy Connection.

*Due to the Cisco Annual Conference on Friday, March 15th, there will be no newsletter sent that day. Be on the lookout for our next Newsletter on March 22!

- French and Spanish translations of the NetSpace UI, including the full classroom environment, are available now.
- Translations for the remaining UN languages (Arabic, Russian, and Simplified Chinese) will be available in March.
