## Post-Secondary NetRiders: ASCP Record Breaking Participants

The ASCP hit a record high this Fall with 18 academies registered for Cisco's Post-Secondary NetRiders Competition! A total of 89 students and 10 Instructors were enrolled. This is an increase of over 400% from last year where only 6 participants were registered. Indiana ranked 8th in overall participants per state and Illinois came out with a solid 12th place. Congratulations to [Ronald Kovac and Ball State University!](#) You and your academy have won a Nexus 7 Android Tablet! The ASCP could not be happier with these result, but we want more! We hope to surpass these numbers in the Spring when Cisco hosts their PRE-Secondary NetRiders competition.

**Thank you for your participation and good luck to all  
Our contestants!**

Please feel free to contact us with any questions or concerns.
