

A CISCO NETWORKING ACADEMY

*October 4, 2013
Volume 3, Issue 4*

WORK FOR CISCO!

Cisco is looking for post-secondary students for full time co-op positions starting in 2014 at their Services Labs in Raleigh, North Carolina, Richardson, Texas, Boxborough, Massachusetts, and San Jose, California. If you have highly motivated students currently enrolled in either a Bachelors degree or higher (in a technical related field), or an Associate's degree in a technical field and have with 2-4 years of experience, encourage them to apply today.

They should send an email with their resume/CV to netacad-talent@cisco.com if they are interested in submitting an application. Cisco is one of the leading innovative companies in the industry and qualified students are highly encouraged to apply for these positions.

NetRiders Post-Secondary Competition

Register Now

Register When

September 25 -
October 16, 2013

Where

Online at

*This is a time sensitive issue as these job offers will be made from now through November, with the positions starting in January 2014.

Qualifying round
October 18-30, 2013

Round Two

November 14-21, 2013

Round Three

December 6, 2013
1:00-5:00 p.m. EST

News from Cisco this week.

CISCO Newsroom

Cisco® Network Convergence System (NCS) has been created to be a foundation for a better Internet experience, which will be more streamlined than before. The NCS will also simplify things for its users and generate new revenue streams for its customers. NCS utilizes the industry's most advanced and versatile silicon in their new processors which have increased bandwidth, it blends seamlessly with their Unified Computer System, and it successfully orchestrates a harmonious virtualization system with advanced capabilities.
