Volume 3, Issue 17

### Work for Cisco Partners, and more!

Students, there are opportunities to work with Cisco partners. Simply go and post your cover letter and resume on the [Cisco Partner Talent Network](#) and get your name out there to hiring managers who are looking to fill positions now!

Looking to get certified? There are exam topic lists posted on the [Cisco Learning Network](#) to aid you in your search for certification. Make your life easier when studying for those exams by checking out these resources today.

There are also [Webinars](#) totally geared towards advancing your careers. You can attend these webinars live, or tune in to the recordings if you have missed them.

In the fall the ASCP did some newsletter highlights on schools around Indiana, which we are continuing into the spring. If instructors have an outstanding student that has shown a real aptitude for the curriculum, or anything that makes them stand out and deserve recognition, send an email to [Identon@theascp.org](mailto:Identon@theascp.org) and we will take a look at doing a feature on your outstanding student.

## Coming soon, February 12 Webinar

Have you explored the Academy Success dashboard? It is a new feature to Cisco's Netspace and if you haven't join us in exploring it, and if you have you'll probably learn something new. It provides analytics on your academy's performance over the years. Cisco has designed this dashboard to make the instructor experience easier and better.

## NetRiders Secondary Competition

Instructors, don't wait! The spring NetRiders competition is coming up soon in February! Talk to your students and organize your teams before the deadline to register comes up! There are great prizes for the top ten teams, including the instructors. Get your teams formed today and start practicing!

## Did you miss the January Webinar?

The recorded version is still available of our January Webinar, "Making Netspace my Friend", so if you missed out you can [Listen to the recorded](#)
