Exploration & Discovery: End of Life

The Exploration & Discovery curriculum will be End of Life very shortly. The original date for ending these services was in Decemeber 2014, but has been extended until now.

Please be aware of this, as you will not be able to open those courses moving forward.

Are you safe with the herd?

According to state records, at least 130 Illinois schools report measles vaccination levels of under 90 percent. That is the minimum percentage health officials believe communities must achieve for “herd immunity”—an environment that can prevent a disease from spreading.

Schools are supposed to lose 10 percent of their state funding when they fall below the 90 percent level of vaccinations. But no school has ever been sanctioned for this violation, according to the Illinois State Board of Education.

Illinois code states that funding “shall be withheld by the regional superintendent until the number of students in compliance”... reaches the “specified percentage or higher.”

But even as measles cases arrive in Illinois, the state’s Board of Education says it has no plans to start enforcing

Coming soon: Academy Success Dashboard Webinar

On Tuesday February 17, 2015, at 3:00 pm Eastern the ASCP will be broadcasting our second webinar in our free educational series of 2015. The webinar, “Academy Success Dashboard: What It Tells You” is a perfect choice for all the instructors out there that want to know how their academy is performing and ways to improve.

The Academy Success Dashboard has a host of interesting information. Discover what information the dashboard has, how to access it, and what it means to you during this informative session. This webinar is a followup to the Academy Success Dashboard: What is it? event.

Don't miss this opportunity to take advantage of the free resources that your membership with the ASCP affords you!
